

# 2024-25 Jr. Beef Ambassadors

The South Dakota Junior Beef Ambassador program is in its fifth year at the South Dakota Beef Industry Council. The 2024/2025 class has 45 Junior Beef Ambassadors from across South Dakota. They assist with various SDBIC promotion events and share photos and videos highlighting what they do as South Dakota beef farmers and ranchers on social media. The program is a great opportunity for our future beef industry leaders to build confidence in sharing the benefits of beef in your diet, as well as preparing them to answer questions about beef farming and ranching.
