

# Tag the Cow....

Beef farmers and ranchers use EAR TAGS to help them keep track of their herd. Create your own ear tags and play "Tag the cow". See instructions on the next page.

**Rules: Tag the Cow**

1. Print off the Cow head or draw similar outline on large piece of newspaper and tape it to a wall.
2. Cut out your ear tags and place tape on the back side of your tag for placement.
3. Blindfold the first player. Use a dark colored cloth to thoroughly cover the participant's eyes and prevent cheating. A colored bandanna works well.
4. Spin the blindfolded player. The player is spun in a stationary circle five to ten times.
5. Let the player tag the cow as they do their best to tag the ear of the cow.
6. Make sure everyone gets a turn.
2. The player that gets closest to tagging the cow correctly wins!
